New series added to Villa Lodola Professional Organic Hair Care
Nurtured in the soil of Italy, these *gifts of nature*
bring out the authentic beauty of the hair and scalp

Villa Lodola Liber Series on Sale February 1

Beauty the organic way

The salon-exclusive organic Villa Lodola product line has been developed for Japan’s beauty market, with its emphasis on eco-consciousness and naturally derived materials.

In 2014, the Liber Series makes its debut—an organic styling product range for softer, gentler styles. This series includes the Wax and Gloss Gel products, which control dry and rough ends and care for hair while also styling. Liber Series products impart luster, softness, and a wet-hair shine, for finishing styles with a firmer hold.

These products can also be used as hand cream or for nail care, to prevent drying-out of hands and fingertips.

【About Villa Lodola】

Villa Lodola is an organic hair care brand created by renowned manufacturer Kemon (in Umbria, Italy), designed for professional use and loved in more than 15 countries across the world. All ingredients have passed strict examinations by organic certification organizations, and all products are certified by ICEA—Europe’s representative organization for organic certification.

Liber Series — Product Features

【Wax / Gloss Gel — Common Product Features】

Sweet almond oil (for softening, moisturizing)

Contains vitamin E, linoleic acid, and oleic acid, which has a strong emollient effect, imparting a vivid shine to hair. Also prevents dry hands.

Starflower oil (for moisturizing)

Contains an abundance of γ -linolenic acid (a component of ceramide—essential for retaining moisture in hair and skin), which imparts softness and moisture.
